Haus Arnika

holiday apartment in Westendorf

A detached house in a sunny south-facing slope surrounded by forest and meadows. Magnificent view of the Brixental. The house has several apartments furnished with attention to detail. Great value was put on alpine atmosphere and homely character, for example with hand-painted furniture, tiled stove or wood-paneled walls. Outside seating, lawn chairs and a nice barbecue area invite you to stay in the open. We look forward to you!

meadowlands · on the hiking path · private setting · near the forest · quiet location
